

Product Information

Stokoderm® Protect PURE

Universal perfume-free, pre-work cream to help protect against contact with water and non-water based contaminants.

Description

Universal perfume-free, silicone-free, non-greasy pre-work skin cream to help protect against contact with water and non-water based contaminants including dry powders. Compatible with latex or nitrile gloves.

Area of Application

Use before each work period, or re-apply after washing hands. Helps protect the skin against contact with various workplace contaminants and working environments such as wet or dry conditions.

Product Description

White, fragrance-free and silicone-free cream. Emulsion type oil-in-water (o/w).

Instructions for Use

Apply to clean and dry skin before starting work, after washing hands and after any lengthy breaks.

Rub small amount of product on the areas of skin at risk, including between the fingers and on the fingernails.

NB: Using pre-work creams does not release you from your duty to take the prescribed protective measures.

Features	Benefits
Proven Universal action	Suitable for use by maintenance and production where skin soiling or exposure to both wet or dry working conditions are encountered
Non-tainting	Quickly absorbs into the skin and leaves a non-greasy after feel
Compatible for use under gloves	Can be used when wearing latex or nitrile gloves to help keep the skin in good condition
Silicone-free	No adverse effects when coating surfaces

Ingredient List

AQUA (WATER), KAOLIN, CETEARYL ALCOHOL, DICAPRYLYL CARBONATE, GLYCERIN, XANTHAN GUM, PHENOXYETHANOL, DIAZOLIDINYL UREA, SODIUM CETEARYL SULFATE, SODIUM LAURYL SULFATE, YELLOW 5 [CI 19140], YELLOW 6 [CI 15985]

Skin Compatibility Tests

The 48hr Single Patch Test results have been validated by a dermatologist to show the product to be 'non-irritant'.

Glove compatibility test

Tensile properties were determined using tests based on EN 455 – 2:2009. The product has been shown not to have an effect on latex and nitrile gloves.

Efficacy Tests

In Vivo test shows that the product reduces irritation when the skin is exposed to an irritant material.

In Vitro paper chromatography method shows the product has excellent barrier properties against aqueous based materials.

Non-taint test

Product has been tested according to Sensory Analysis – Methodology - Triangle Test BS EN ISO 4120:2007. Proven to not have the potential to taint food when used as a pre-work cream.

Statutory Regulations

This product is manufactured and labeled in compliance with the Federal Food, Drug, and Cosmetic Act.

Safety Data Sheet

Safety Data sheets are available from www.debgroup.com/ca/msds.

Quality Assurance

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in Deb's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

Verification tests in this respect are a regular feature of our quality assurance procedures.

Storage Information

This product has a shelf life of 30 months after manufacturing when stored at room temperature.

First Aid

For external use only. Avoid eye contact. Should product enter the eyes, rinse immediately with plenty of water. Seek medical advice, if condition persists.

Additional Information

Expert reports and certificates are available upon request.
