

Product Information

Stokolan® Sensitive PURE

Perfume-free and dye-free skin care cream without preservatives, particularly suited for sensitive and allergy-prone skin types.

Description

Regenerative skin care cream for extremely sensitive and stressed skin. Stokolan® Sensitive PURE is a perfume-free and dye-free skin care cream without preservatives, particularly suited for sensitive and allergy-prone skin types. Stokolan® Sensitive PURE supports the natural skin's barrier, promotes skin regeneration and smoothes the skin. The high amount of moisturizing elements and skin conditioning ingredients - such as the skin's own energy booster creatine - supports and strengthens the skin's defense system.

Area of Application

Ideal for use in any industrial setting, including food handling and food manufacturing settings. It is particularly helpful in situations where people have to work in wet-work conditions, with solvents, without gloves and where people are exposed to cold and/or dry climate conditions.

For all types of skin and highly suitable for sensitive skin.

Product Description

White silicone-free soft cream of the emulsion type oil-in-water (O/W). Free of preservatives, coloring agents or fragrance.

Instructions for Use

Apply only to clean and dry skin after work.

Suitable for facial use as well.

ECARF Seal of Quality

The European Centre for Allergy Research Foundation (ECARF) awards the ECARF-quality seal to allergy-friendly products. Cosmetics can receive this seal when following criteria are met:

1. Quantitative risk assessment of the product ingredients with respect to their potential for sensitization, taking into account their specified conditions of use and amount
2. Medically supervised clinical trials by volunteers with atopic dermatitis
3. Approved system of quality control management

Statutory Regulations

This product is manufactured and labeled in compliance with the Federal Food, Drug, and Cosmetic Act.

Safety Data Sheet

Safety Data sheets are available from www.debgroup.com/ca/msds.

Quality Assurance

All raw materials used for production undergo a thorough quality control process before being used for manufacturing in Deb's high quality products.

All finished goods are subject to intensive quality testing before being shipped out to our customers.

All products meet the bacterial purity standards as they apply to medicines for external use (as defined by Ph. Eur.).

<10² reproducible germs / g product.

Verification tests in this respect are a regular feature of our quality assurance procedures.

Storage Information

This product has a shelf life of 30 months after manufacturing when stored at room temperature.

First Aid

For external use only. Avoid eye contact. Should product enter the eyes, rinse immediately with plenty of water. Seek medical advice, if condition persists.

Additional Information

Expert reports and certificates are available upon request.
