

# ProDose-R

The easiest, fastest and most convenient solution for controlled, manual dosing of liquid chemicals for all applications. Prodose-R evolved from requests for these enhanced features from our valued customers in the field.

## Improved fast stroke regulation

The cap is improved providing ready access to the red adjusting pins while remaining secured during use.

## Enhanced viscous capacity

- < Larger diameter fittings and 3/8" ID tubing for improved performance with high viscosity products (>4000Cps)
- < Strong, flexible, impact resistant discharge tube

## New flexible spout

- < Made in EPDM, strong enough for the chemical compatibility, soft enough to prevent bumping breakage
- < Fits the standard fitting

## Improved check valves

- < Easy Maintenance: unscrew the locknut, remove the fitting, replace the valve
- < Double O-ring seals
- < Valves are the same for left and right

## 6 different dosage settings

- < Ranging from 1/5 oz to 1 oz per stroke
- < No need to open the pump to set dosage

## Easy modular tube stiffener

- < To hold the clear suction tube straight to the bottom of the product container
